Holiday Cottages

Lehmonkärki has all you need for your holiday. Our log cottages locate spaciously on a cape surrounded by Lake Päijänne. Each cottage has its own share of waterfront, where you can swim in privacy. The cottages also have their own yards, quays and rowing boats.

Program Services

In addition to ordinary outdoor exercising you can go in for a great variety of activities, for example, play tennis or badminton, go horseback riding, take rides on a motorboat or go paddling, fishing, or test your guts in extreme sports, such as cliff climbing or hot air balloon travelling. In winter, you can go outdoor-winter-swimming or take part in husky-, snowshoe- or snowmobile safaris. In summer we organise guided trips to Kelvenne Island, which is part of Päijänne National Park.

Boat taxi service available.
